

# Share your views on sea bass

## Policy Lab face-to-face workshop Plymouth October 17

- Register your interest by scanning the QR code below and completing the form. You can fish for bass recreationally or commercially; all views are needed. Venue TBC.
- Policy Lab are running this “co-design” workshop so that everyone across the sea bass fishery will have the chance to sit down together and help decide on the approach which should be taken to the fisheries management plan (FMP).
- The FMP itself will be produced by Defra and is expected to be delivered in early 2023.

## Can't make October 17 in Plymouth?

- Join on Microsoft Teams on either **24/25/26 October** (scan the QR code, too)
- Get involved by emailing [bass@policylab.gov.uk](mailto:bass@policylab.gov.uk) and telling them a bit about who you are and the nature of your interest in sea bass.
