**LNTM 03/26 – Installation of Aquaculture Site at Labrador Bay.**

Mariners are advised that a new aquaculture site is being installed at Labrador Bay, approximately 1.5 nautical miles from the mouth of the Teign estuary, with work due to commence from 2<sup>nd</sup> February 2026.

Special marks indicating the boundary of the site will be installed at the following locations:

50°30.7920'N 03°29.5430'W

50°30.2680'N 03°29.7420'W

50°30.2170'N 03°29.4130'W

50°30.7410'N 03°29.2140'W

Aquaculture equipment will be installed within the boundary after this date and will present a hazard to vessels, particularly those engaged in underwater operations such as trawling, and as such the area should be avoided and given a wide berth by passing vessels.

For more information contact Offshore Shellfish via +44 (0) 1803 362189.

A handwritten signature in black ink, appearing to read 'R M J Parsons', is positioned above the printed name and title.
